

## Veterinary Medical Applications Certification

The Elanco Veterinary Medical Applications Certification verifies the competencies needed to achieve employability within the veterinary science field and is transferable to health and animal science fields.

### Certification Exam

The certification exam, tested for on the iCEV platform, consists of 100 questions and assesses knowledge and skills from the following weighted industry standards:

20% Veterinary Terms & Terminology

15% Animal Welfare & Behavior

15% Anatomy & Physiology

50% Veterinary Medical Practices

### Meeting the Industry Need

- Assesses Competencies Based on Weighted Industry-Valued & Industry-Accepted Standards
- Validates Knowledge & Skills
- Allows Employers to Identify & Connect with Skilled Candidates
- Jump-Starts Individuals' Careers

### Industry Standards Breakdown

#### Veterinary Terms & Terminology

- Laws & Ethics
- Word Structure & Abbreviations
- Medical Equipment Identification
- Mathematical Applications

#### Animal Welfare & Behavior

- Animal Roles in Society
- Animal Rights & Animal Welfare
- Animal Protection
- Animal Research Laws, Policies & Regulations
- Animal Behavior

#### Anatomy & Physiology

- External Anatomy
- Circulatory System
- Respiratory System
- Digestive System
- Endocrine System
- Immune System
- Integumentary System
- Nervous System
- Skeletal System
- Muscular System

#### Veterinary Medical Practices

- Animal Handling & Restraint
- Vital Signs
- Blood Samples
- Injections
- Clinical Examinations
- Laboratory Procedures
- Hospital Procedures
- Surgical Procedures
- Pharmacology

## Example Assessment Questions

1. A cat's pulse was measured at 120 beats per minute. How many beats did the veterinarian count during the 15 second measuring interval?  
 A 20  
 B 30  
 C 40  
 D 50
2. The drug concentration of a medication is 250 milligrams per 10 milliliters. Based on the weight of the animal, the veterinarian determined he should receive a concentration of 225 milligrams. How many milliliters of medication should you give the animal?  
 A 8 mL  
 B 9 mL  
 C 10 mL  
 D 11.1 mL
3. The packed cell volume illustrated in the blood sample provided is an indication of which of the following conditions?  
 A Dehydration  
 B Diarrhea  
 C Anemia  
 D Polycythemia

## Testing Platform

Elanco utilizes iCEV, a division of CEV Multimedia, as the testing platform for this certification.

iCEV fulfills the following responsibilities:

1. Provides secure testing technology for certification exams
2. Regulates testing environments
3. Works with secondary and post-secondary academic institutions, workforce development associations and the public at large to offer certification options for career advancement
4. Provides certification verification to employers for potential job applicants

## About Elanco

Elanco is a global animal health company that develops products and knowledge services to prevent and treat disease in food, animals and pets in more than 90 countries. With a 64-year heritage, Elanco rigorously innovates to improve the health of animals and benefit customers, while fostering an inclusive, cause-driven culture for more than 5,800 employees. Elanco is driven by their vision of food and companionship enriching life - all to advance the health of animals, people and the planet.
